Write your new data or corrections below. If the work is published, please give a traceable reference. These data will be referred to as 'Z. Bloggs, personal communication to FlyBase <date>. FlyBase will not correct data or add data unless they have a paper or email record. In particular FlyBase will not curate data from oral presentations or posters.

dSR-C1 and dSR-C111 map with 0.5cM of each other on 2L at 24D. dSR-C1 is more proximal to the centromere.

dSR-C111 corresponds to STS DM0173

dSR-C111 may be a pseudogene.
